

STUDY IN SOUTH AFRICA AT A PRESTIGIOUS DESIGN INSTITUTE

Design is a funny word. Some people think design means how it looks.

But of course, if you dig deeper, it's really how it works.

WHY STUDY IN SOUTH AFRICA?

South Africa is a multi-cultural and multi-ethnic country encompassing a wide variety of languages and religions. We have some of the most exquisite beaches, mountains, safaris and heritage sites in the world. South Africa is considered to be a newly industrialized country and the creative and digital industries are currently growing at an accelerated rate.

Pretoria overflows with a wealth of art, historical landmarks and architecture. It is affectionately known as the “Papastad” (Afrikaans translation to English - “Father City”) because it also happens to be one of the three capitals in South Africa. It has become a popular destination for international filmmakers due to the irresistibly hot weather and professionally trained and equipped film crews.

Our diverse and rich cultural history has paved the way for our designers, artists, photographers, filmmakers and creative directors to become leaders and trendsetters in their respective fields. Their originality and innovative approach to their work sets us apart and makes us global leaders in design, interaction arts and film.

Open Window alumni have gone on to achieve national and international success and have been honoured with prestigious awards for the past two decades.

STUDENT HOUSING

Once Open Window has received the application fee and relevant documentation, a Selection Interview needs to take place with the prospective student. This interview assesses the creative mind of the student and also serves as a guide as to whether or not the student has selected the correct degree based on their strengths. This interview can be held via Skype should the student not be in the area to come to the campus in person. Once this interview has been concluded, the student will receive an acceptance letter with registration instructions. It is imperative that the student has their visa as the student cannot be deemed registered without this document.

TRANSPORT

The Gautrain was launched in June 2012 and it is an 80 kilometer mass rapid transit railway system in Gauteng with high security in the form of hundreds of CCTV cameras, 24 hour manned security presence at all stations, continuous satellite tracking of all feeder and distributor buses and secure fencing along the route to prevent unauthorised access and vandalism of critical security assets.

The Gautrain provides a link between Johannesburg, Pretoria, Ekurhuleni and OR Tambo International Airport.

The project included a roll-out of 125 buses to provide ease of accessibility to the Gautrain.

The buses operate on the following schedule:

Buses leave the station 8 minutes after the train has arrived.

- Peak Periods (05:30 - 08:30 and 16:00 - 19:00)
- Every 12 minutes

- Off-peak Periods (08:30 - 16:00 and 19:00 - 20:30)
- Every 20 minutes

Open Window has a bus stop right outside the main entrance of the campus.

In order to make use of the buses and/or Gautrain, you will need to purchase a Gold Card for R 14 (± US \$ 1). The closest retailer to Open Window is Highveld Spar (corner of John Vorster Drive and Logan Avenue, Highveld) or, alternatively, a card can also be purchased at any of the Gautrain Stations. This card needs to then be registered. Click [here](#) for more information.

This card allows access to the buses as well as the trains. The card has to be pre-loaded with funds to a maximum amount of R 2 600 (± US \$ 200).

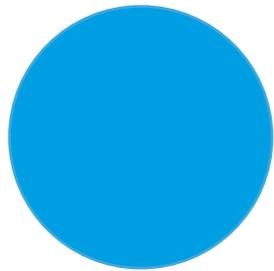

In order to use the bus service, simply scan your Gold Card as you enter the bus - a trip costs R 20 (± US \$ 1.50). This will be deducted from the balance of available funds on your card.

The Gautrain is a wonderful way to explore what the smallest province in South Africa has to offer. Click [here](#) for a glimpse into what the Gautrain can show you.
