NQF LEVEL 5

## DESIGN TECHNIQUES

### FOCUS: *USER INTERFACE DESIGN*

The Certificate course in Design Techniques focusing on User Interface Design is an entry level qualification that introduces students to fundamental aspects of user interface design, user experience design and design that is responsive for digital interfaces. The elements and principles of design are explored and applied in projects throughout the course. Practical skills acquired culminate in a portfolio with which students can enter the job market. Further study/practice will be required for these fields.
